

## Stiwdio 3 Happiness Community Quilt INSTRUCTIONS

We want to include EVERY hexagon we receive so please make sure you follow these instructions carefully!

1. Print out this sheet onto ordinary photocopy paper. Make sure you have ticked the 'Print actual size' option.
2. CHECK the size of the printing. Both test lines MUST measure 10cm.
3. Cut out your paper hexagon on the FABRIC cut line.
4. Draw around your paper hexagon onto your fabric. Draw or tack the outline of the smaller hexagon. Do not cut out your fabric at this stage.
5. Stitch your design inside the smaller hexagon. If you decide to draw your design before stitching remember not to draw so heavily that your drawing shows through your stitching.
6. When you have finished your embroidery cut your fabric to size using the paper template.
7. Write your information on the paper hexagon and trim it to the inner line size. Place your paper hexagon behind your work and pin to hold in place. Check you can still see your writing!
8. Carefully fold over the seam allowances to the other side of the hexagon making sure you don't leave a gap between fold and paper or fold over the edge of the paper. Pin in place and then TACK around the edges. This stitching will have to be undone by someone so please don't make your stitches too tiny or your start and finish stitches/knots too tight to undo!
9. Deliver (by hand or post) your finished work to Make it in Wales, Stiwdio 3, 3 High Street, Cardigan SA43 1HJ. Please be sure to check Stiwdio 3 has REOPENED before delivering!
